3 SWITCH YOUR AUTOMATIC PAYMENTS

Automatic payments that you send and receive will need to be redirected to your Do More Business Checking account. Here's how:

- Incoming deposits (credits): Provide your new account and routing numbers to customers and those who send you automatic payments. The First Internet Bank routing number is **074014187**
- Outgoing payments (debits): To change utilities, vendor payments and more, have the following required information on hand: biller name, billing address, phone number and your account number as it appears on your bill. Remember to switch merchant accounts and payroll, too
- To avoid cash flow interruption, these changes should be completed within 30 days

4 CLOSE YOUR OLD BUSINESS ACCOUNT

- Be sure all checks have cleared
- Once every automatic transaction is successfully being deducted from or credited to Do More Business Checking, you can close your previous account

Welcome to First Internet Bank; enjoy your new account.
